To Whom It May Concern

I am delighted to provide a recommendation for **Mr. Mohammad Nayeem Hasan**, a dedicated collaborator of mine for approximately five years in various research projects. **Mr. Hasan** is a dynamic, compassionate, and well-rounded individual, well-suited for advanced graduate studies.

During our collaboration, **Mr. Hasan** showcased exceptional talent and was a standout team member. Notably, he made substantial contributions to publications such as "*Cesarean delivery and early childhood diseases in Bangladesh: An analysis of Demographic and Health Survey (BDHS) and Multiple Indicator Cluster Survey (MICS)*" published in **PLOS ONE**. We also collaborated on projects related to HIV and Early Childhood Development, published in **AIDS Research and Therapy** (<https://doi.org/10.1186/s12981-022-00495-8>) and **BMC Public Health** (<https://doi.org/10.1186/s12889-023-15617-8>), respectively. Additionally, during the recent Dengue outbreak in Bangladesh, **Mr. Nayeem** and our team prepared several published journal papers, including "*The 2022 dengue outbreak in Bangladesh: hypotheses for the late resurgence of cases and fatalities*" (<https://doi.org/10.1093/jme/tjad057>).

Mr. Hasan consistently demonstrated a passion for acquiring in-depth knowledge in our field, displaying exceptional intelligence, diligence, and the ability to make independent judgments. His problem-solving skills, dedication to research, and proficiency in English are highly commendable.

His positive demeanor, effective interactions with colleagues, and contributions to research facilities underscore his excellent interpersonal skills. **Mr. Hasan** consistently displays discipline, sincerity, and a cooperative approach in all his endeavors.

Based on his outstanding track record and current performance, I wholeheartedly recommend **Mr. Mohammad Nayeem Hasan** for admission and scholarship opportunities. I am confident that he will excel in any academic or professional pursuit he chooses to undertake.

Sincerely,

[Muhammad Abdul Baker Chowdhury]
Senior Biostatistician
Department of Neurosurgery
University of Florida College of Medicine, Gainesville, FL, USA.
