Best Public Health Schools

Ranked in 2019, part of [Best Health Schools](#)

With a graduate degree in public health, students may work in a variety of sectors and specialties, including health services administration, nutrition and international health. These are the top public health schools and programs. Each school's and program's score reflects its average rating on a scale from 1 (marginal) to 5 (outstanding), based on a survey of academics at peer institutions. [Read the methodology »](#)
